

PROJECT MANAGEMENT LIFE CYCLE MODELS

MODEL PHASES COMPARATIVE CHART

CONCEPT AND DESIGN: EXFORSYS INC

MODELS ➤	PURE WATERFALL MODEL	SPIRAL MODEL	EVOLUTIONARY PROTOTYPING MODEL	EVOLUTIONARY DELIVERY MODEL	THROWAWAY PROTOTYPING MODEL	STAGED DELIVERY MODEL	DESIGN TO SCHEDULE MODEL
PHASES ↙	Requirements specification	Planning	The identification of the basic requirements	Gathering of Requirements	Identification of requirements and materials to be used	Requirement specification	Concept Creation and Requirement Gathering
	Design	Risk-analysis	Creating the prototype	Designing	Planning	Planning	Planning and Designing
	Construction or Implementation	Implementation	Verification of prototype	Iteration	Implementation, Prototyping and Verification	Implementation and Testing	Implementation
	Testing	Evaluation	Changes for the prototypes	Testing	Prototype Enhancements and Revisions	Closure	Evaluation
	Installation and Maintenance			Re-designing of Iterations	Finalization
